

Nothing could be seen on the ground except for a slight rise in the ground in the NE corner of the field. Mrs Thompson said that they will contact us when the field is next ploughed.

ER Lewans Nov 1983

An undescribed double concentric circle is shown on the 1st edition OS 1" map at SN474262

OS card - OS 1" 1st edition map of 1831

The OS report in 1966 refers to a sub-circular enclosure at SN47412618

OS card - Report, 1966

An OS field report of 1967 states that there are no visible remains

OS card - Field report 1967

The RAF AP's show an oval enclosure at SN47402628, suggesting that the 1966 OS report has given the wrong grid reference

RAF AP's 1945
106G-UK-1625 3130-1

The Meridian Airmaps AP's show nothing at this position.
