

Height : 1.50 m

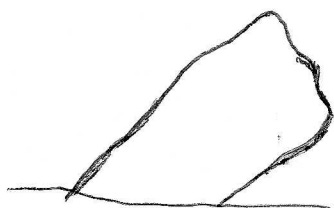

width : 1.03 m

breadth : 0.82 m

AS Maull Nov. 1983.

This stone has no distinguishing features

PRN 1685

The so called capstone which lies about 450 feet to the South-east, looks as though it could well have been used as such, and not a naturally placed boulder. See DRE for sketch of positions of 1683, 1685 + capstone

CONDITION OF STONE UNCHANGED. GROUND IS NOT BADLY CUT UP BY CATTLE

E. MORLAN FEB. 1986
