✓ Extract from correspondence dated 1st Feb. 1983. Letter to A.S. Parkinson from T. Lloyd N Acc p 108.

Firstly MYDDYN-FYCH justnorth of Ammanford (approx. O.S. 6290 1325) which has a substantial looking lateral chimney. This is an odd house, being cruciform - though only so as a result of additions as the roofline indicates. The wing facing you houses a staircase. The interior is relatively disappointing. The site is of great age - Major Jones has some very early references to it.
