

Footpath leading to stone, cattle
erosion around base, stone smoothed
by cattle in flat pasture field.

Sandstone boulder with tapering
profile from north-west (as seen
from Delacorse Uchab)

NS the Tremellens expressed the opinion that
this stone was a nuisance during ploughing
and that they'd be glad to get rid of it
but had no immediate plans to do so as
they thought it would be a lot of effort.
