

Inscribed Stone 2473

When this church was rebuilt, Dr. Owen of Poyston, at his own cost enlarged the chancel in order that it might shelter the Spital Stone, which is now safely housed therein. The inscription runs EVALI FILI DENCUI CUNIOVENDE MATER EJUS (Lectures on Welsh Philology, p. 406, Professor Rhys; and Arch. Camb. III, vii, 302 and IV, v, 332).
