Green Hill Ochre Mine - SL 951140 - three shafts to east of Pembroke Road half a mile south of Merlin's Bridge, Haverford-west. worked for ochre 1910-19.	P.F. CLAUGHTON 1990
14. Name - Greenhill Ochre Mine Grid ref. SM 951140 Haroldston St Issells District - Preseli Pems.	P.F. CLAUGHTON 1991
Small ochre mine half mile south-south-east of Merlins Bridge.	
Upcast shaft on rough ground, currently being developed as housing estate, to north of Greenhill Park Drive (no longer identifiable); another shaft in field corner south west of Haroldston Close (visible as disturbed ground / earthworks).	
Worked 1911 until circa 1915; abandoned 1918.
