Church

3357

This church is described in Arch. Camb. V, ii, 208. It has a chancel, nave and north aisle; the tower has a saddle-back roof. The old font remains. The church was restored in 1873. The dedication is to St. Ishmael, but is said to be to St. David in a charter of Geoffrey Fitz Robert given in the Cartulary of St. David's, fo. 28.
