This earthwork has given its name to the Hundred. Who Martin was is anknown, but unlikely to have been that "Martin of the Towers" who conquered North Pembrokeshire. The earthwork may have been originally sepulchral, but if so was modified, probably by the Normans, and fortified with a palisade, this being the earliest form of Norman castle in Pembrokeshire. Castlemartin was never a stone and	101 No. 10	Castlemartin	Earthwork		69(3778
OWNERSHIP AND TENANCY DETAILS	This earthwork has given its name to the Hundred. Who Martin was is unknown, but unlikely to have been that "Martin of the Towers" who conquered North Pembrokeshire. The earthwork may have been originally sepulchral, but if so was modified, probably by the Normans, and fortified with a palisade, this being the earliest form of Norman castle in Pembrokeshire. Castlemartin was never a stone and mortar castle. Fenton, 406.				SOUTH AND SOUTH STATE ST
