

JM Lewis (1) Following the inventory?
(2) reckons this church to be built
de novo in the 19. Rev. W Evans (3)
reckons it's probably a rebuild of
an earlier foundation.

(3) List of Redundant
Churches in Dyfed.

Visited 4/2/83 in horrible
state internally - access
very easy - three ECMS still
there, two attached to walls,
the third standing free in
the porch. The fourth is (hopefully)
in masonry church modern(ish) font
in church, two much older
font bases in entrance
