

Documentary evidence for there being a Mediaeval chapel of ease Capel Dewi. The place-name concentration suggests that it may be here. No visible signs of it unless Post Med capel Dewi is on same site

The ref in TOASFC, part 31, puts the chapel on the other side of the road opposite the schoolhouse where a cluster of old trees stand?

Lewis mentions two chapels of ease to the mother church, of which one is now in ruins, and the other occupied by a congregation of dissenters. (However PEN 728 mentions three chapels.)
