

Exposed section at building site recorded by plan
and photographs by S. Cronin & N. Edwards
5/3/79. Redeposited local natural sandstone
well developed buried soil - nearly
horizontal. A piece of "13th/14th century"
(D. Benson) pottery came from a stratified
deposit above the buried bank.
~~the~~ Levels were taken to compare
with the other side of Foxhole Terrace
and they ~~were~~ ~~at~~ buried soil was a
metre or so ~~higher~~ lower vertically.
