Introduction

As part of a decision Notice (condition No. 18) Carmarthenshire planning department requested that a Photographic Survey of existing buildings be carried out in accordance with guidelines provided by Dyfed Archaeological Trust Development Management.

The following survey has been carried out to this guidance.

Photographic Survey of The Barns of Moreb Farm 16th of June 2021

Site Location: The Barns of Moreb Farm, Pwll Road, Burryport, SA16 0TD.

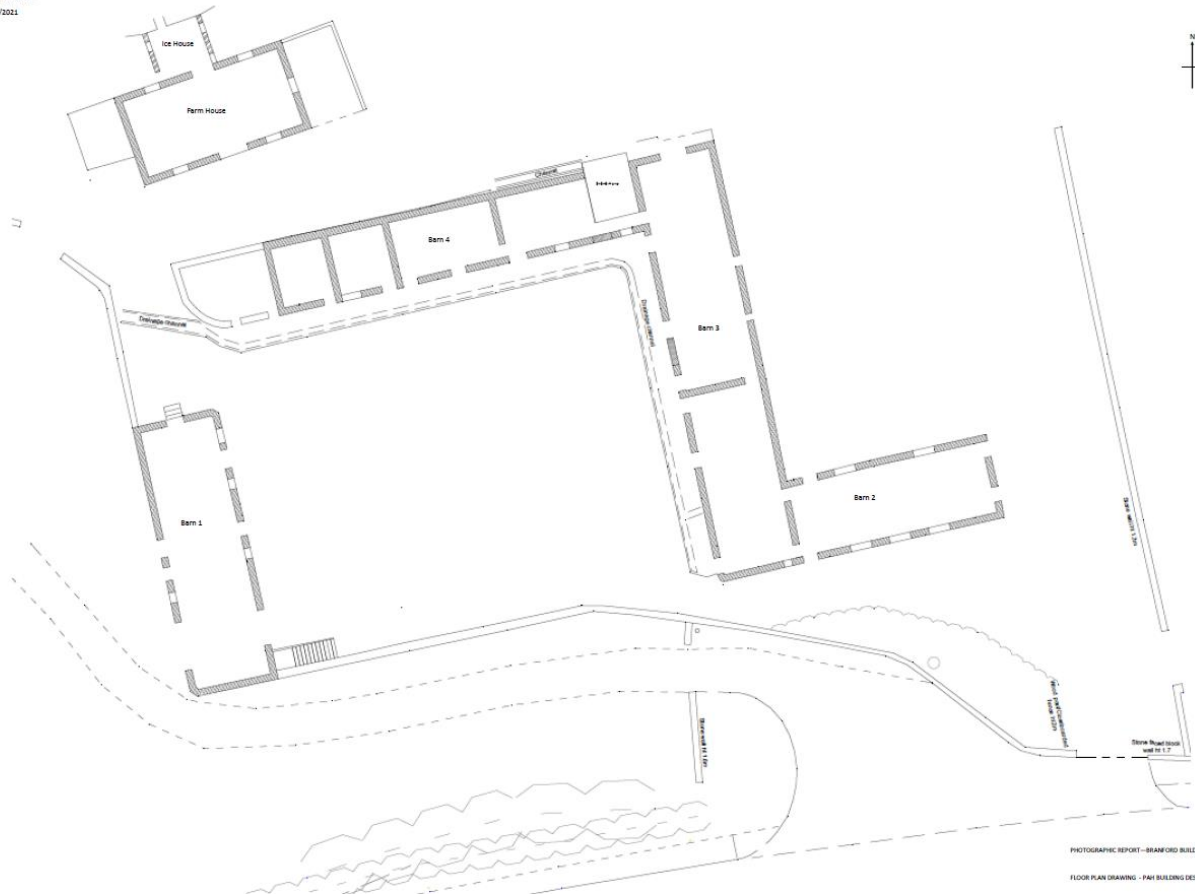

Co-ordinates: 51.690552 / -4.222151

Context

The Barns of Moreb Farm is typical of a historic farmstead, traditional solid stone construction with limewash decoration, set beneath pitched roofs. The farm buildings would have generally been multi use. There is suggestion that the site has been occupied within the 16th century with several of the buildings appearing to date around this period. Articles mentioning Moreb Farm have been dated to 1720. This suggests a longstanding farmstead with substantial historic value.
