Introduction and historic background

The Dyfed Archaeological Trust (DAT) was consulted by Glastir contract manager Peter John regarding a fence line running adjacent to the site of two ruined cottages north of Cwmsymlog.

Historic environment issues

The two cottages are shown on the 1st edition OS map where they are named as Brynhyfred (PRN 26574) and Tyn – y Llechwedd (PRN 26590) respectively. The former is depicted as a T shaped structure set within a small enclosure adjacent to a well. The latter is shown as a 3 cell building with a small out shut to one side. They are largish buildings deserving of the description house rather than cottage. Both are now in a ruined state and partly overgrown by the woodland fringe.

The proposed fence line is not considered to be detrimental to the two buildings and consent from DAT is given for the works.
