

GLASTIR ADVANCED POST VISIT ASSESSMENT

DAT 105845

Site Name: Glandulais

CRN A0022835

PRN 33974	NGR SN 708 308	
REF	UID	

Introduction and historic background

The Dyfed Archaeological Trust (DAT) was consulted by Glastir contract manager Peter Jones, on 5TH June 2014 regarding for works under option 100 stock excluded woodland and Opt 15 no impact grassland. Further Glastir advice for a traditional farm building restoration scheme is included in another report, DAT 105844.

Historic Environment Issues

The area for both options proposed fall on the line of the Roman Road Via Julia from Llandeilo to Llandovery. The road does not survive as above ground earthworks in the area but its route has been identified from aerial photographs and below ground remains will survive. Both options do not involve ground disturbance and consequently DAT welcome them as a positive management action.
