Decision (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p>Thank you for forwarding this Glastir Woodland Creation proposal to us. Dyfed Archaeological Trust have reviewed the new planting proposals for Penlan Farm against the Historic Environment Records database and other readily available record sources and have assessed that the application, as submitted, has the potential to have an impact upon the following Historic Environment Features (HEF's):</p> <p>PRN 117081 Post Medieval Quarry SN1928846768 Old quarry marked on the 1888 Ordnance Survey 1st edition 1:2500 map. Apparently disused by the publication of the 2nd edition map of 1906. Now covered by farmland. However this site appears to have been filled in and therefore Dyfed Archaeological Trust have concluded that the application, as submitted, complies with the UKFS <i>Forests and the historic environment</i> guidance. No further WAT consultation is required.</p>
