Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p>We advise that no tree planting takes place within the boundary (which is based on the 260 metre contour) marked in green on the map below for the following reasons:</p> <ul style="list-style-type: none"> • The hilltop is occupied by the impressive hillfort Gaer Fawr which is a Scheduled Monument (CD050), and a number of other monuments (PRN 45009 Clearance Cairn, PRN 5178 Standing Stone, PRN 45008 Standing Stone?) lie on the summit of a saddle-like ridge which lies to the east of the hillfort. • Recent research has also shown that archaeological remains associated with hillforts lie to the exterior of these monuments, but remain below ground and only detectable through geophysical survey or excavation. • These monuments should retain visibility (from the monument to the surrounding landscape and vice versa) and intervisibility (visible to or from one another).
