Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)	The site of a gravel pit (PRN125817) and two cattle rubbing stones (PRNs 125818, 125819) are noted on the 1 st edition OS maps. It is unclear from modern aerial photographs if anything survives. Should any features be identified then these should be retained and marked out to avoid causing any damage in woodland creation.
