Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p>PRN 55242 Post Medieval Parkland – This area is shown on the historic Ordnance Survey maps as being open space with scattered trees, with Kennels PRN 56426, now demolished, but which may have been an ornamental building designed to be seen. We recommend therefore that planting should not be dense and occupying the whole area of consultation - plenty of open space should be incorporated into the planting, and species should respect the species represented in the wider parkland associated with Dol-Wilym Mansion.</p> <p>PRN 56426 Post Medieval Kennels PRN 127855 Post Medieval Building</p>
