<b>Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)</b>	<p>This landscape is rich in mining history. There are numerous records in the HER (see map and table below), and additional records held by the National Monuments Record, in addition there are sites, some are linear features, shown on historic maps which have not been recorded. Therefore a site visit must be carried out in order to assess any unrecorded sites and to ensure that tree planting will not have a negative impact on historic features.</p> <p>In addition this area lies within the registered landscape of Outstanding Historic Interest (HLW (D) 2, the proposals must be assessed for any detrimental impact to the historic landscape character.</p>		
<b>Further Assessment Required?</b>	Yes		
<b>Map attached?</b>	Yes
