Dear Paul,

Rhosfach EIA SN 1022 2875

Thank you for your consultation. I have checked the map boundaries against the regional Historic Environment Record (HER) and other sources and there are no known historic environment features recorded within the consultation area. There is always the possibility for previously unknown remains to survive within this area. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can then be provided as required.

Yours sincerely

Alice Pyper
Heritage Management Project Manager

Subject: EIA Agriculture Consultation - Rhosfach

Dear Alice – we are investigating the significance of an area under the Environmental Impact Assessment (Agriculture) (Wales) Regs and seek your opinion on an 11 ha site approximately six miles south of Newport. The grid reference is SN 1022 2875, and the area is outlined in red on the attached maps.

If possible, we would like to receive your comments by April 26th. If we have not heard from you by this date, we will assume you have no comments to make on this site and will progress with the case. If you have any further queries, please call me or Julie Bowes.

best wishes, Paul
