Permitting Team (Forestry)

21st July 2022

Dear Karen,

FLA 166 22-23 Shady Grove

Thank you for your consultation and apologies for the delay. I have reviewed the map boundaries against the regional Historic Environment Record (HER) and other sources and note that forestry operations have the potential to impact on the following historic environment feature recorded within the consultation area;

PRN 40635 Boulston Manor Post Medieval Quarry SM97791366

Small quarry, c.15m wide, cut into the slope on the east side of the road leading to Boulston Manor. The quarry is fairly clear. N Page 2000

The current condition of these features is unknown; however they may survive as ruins, earthworks or below ground archaeology. Therefore in order to comply with UKFS Forests and the historic environment guidance, DAT advise that these historic environment features (shown in green on the attached map) must be protected from damage during felling operations and subsequent restocking, and tracks and loading areas must not cross these areas.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can then be provided as required.
