

Permitting Team (Forestry)

7th September 2022

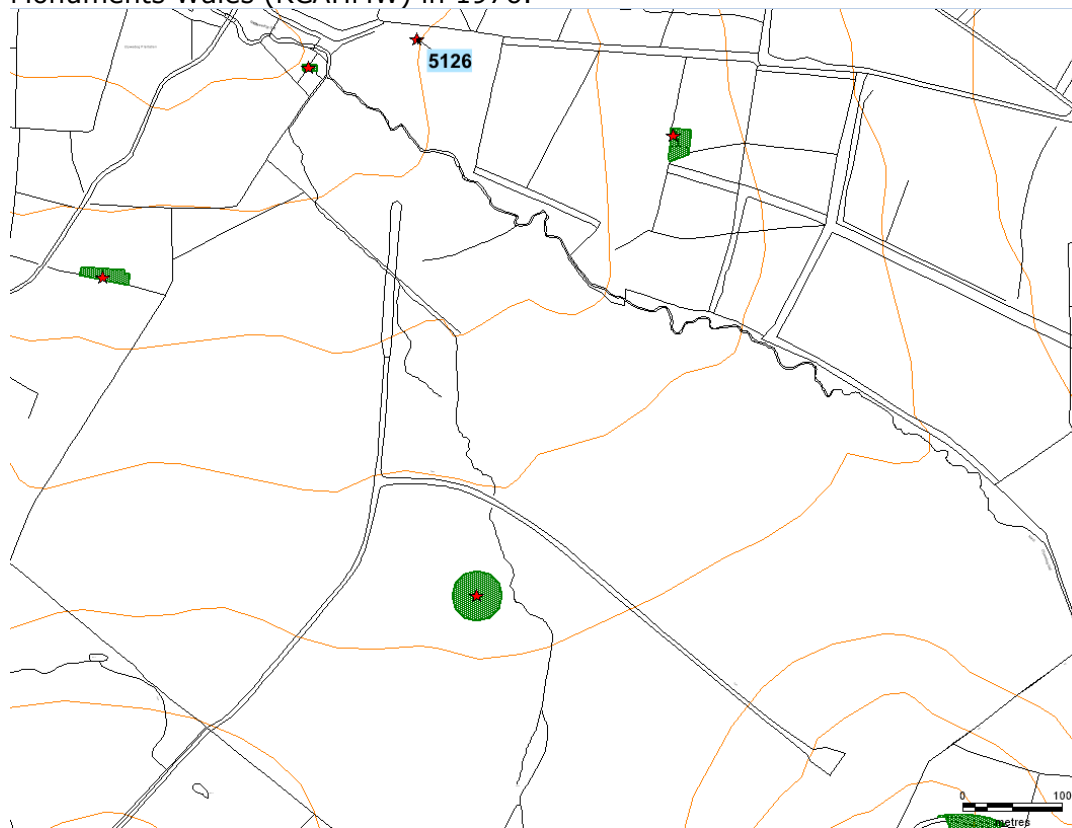

Dear Karen,

FLA 217 22-23 Pentre Mountain

Thank you for your consultation and apologies for the delay. I have reviewed the map boundaries against the regional Historic Environment Record (HER) and other sources and note that forestry operations have the potential to impact on the following historic environment feature recorded within the consultation area;

PRN 5126 Bronze Age Standing Stone SN64744974

A standing stone recorded by the Royal Commission for Ancient Historic Monuments Wales (RCAHMW) in 1976.

© Hawlfraint y goron a hawl cronfeydd data 2022. Arolwg Ordnans 100021874. Llywodraeth Cymru

The current condition of this feature is unknown. In order to comply with UKFS Forests and the historic environment guidance, DAT advise that this historic environment feature (shown on the map above) must be protected from damage during felling operations and subsequent restocking, and tracks and loading areas must not cross these areas.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can then be provided as required.
