Dear Bev,

**NRW Screening Request FLA421 23-24 Well Park wood**

Thank you for your felling licence consultation. I have reviewed the map boundaries against the regional Historic Environment Record (HER) and other sources and note the application lies within the Registered landscape of Milford Haven Waterway HLW (D) 3 in the Historic Landscape Character Area of Picton and Slebech.

A considerable length of causeway projecting out into the Eastern Cleddau (to allow low water crossings to the quay across at Landshipping?) is shown on the 1854 Admiralty Chart of the River Cleddau. Remains of the upper slipway are visible in the foreshore at the end of the minor road down from Rhos to the crossing point; the former ferry is perpetuated in the name of nearby Ferry Cottages. HJ April 2000.

PRN130097                      POST MEDIEVAL STRUCTURE                      SN0075412473  
Structure recorded on 1st Edition Ordnance Survey Map. A. Powell 2024.

PRN130098                      POST MEDIEVAL QUARRY                      SN0073512394

The current condition of these features is unknown; however, they may survive as a ruin, earthworks or below ground archaeology. We advise that these historic environment features (labelled on the map above and marked with a green polygon and or red star) are protected from damage during forest operations, to comply with UKFS Forests and the historic environment guidance.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Heneb – The Trust for Welsh Archaeology, Heritage Management Dyfed region is informed and further information and advice can then be provided as required.
