Hi Alison,

Apologies for the delay, again. I've checked your proposals for tree planting at Glandulais Fawr against the HER and other available sources and there are no historic environment features recorded. It lies within the Historic Landscape Character areas of [182 YSTRAD TYWI: CARMARTHEN – LLANDEILO](#) and [191 NANTGAREDIG - DERWEN FAWR](#) which are both known for a 'parkland' character of clumps of broadleaf trees; your planting proposals should help to reflect this.

With best wishes  
Alice

Hi Alice

Just a follow up email to ask when you might be able to reply to this Morewoods consultation – I guess you are busy.

Many thanks

Alison Wheeler

Dear Alice

I am currently preparing a 0.55ha Morewoods scheme for Woodland Trust for the site noted below and would be grateful for any information that may impact the landowners plans for planting.

GR SN552216 / SA328RD Glandulais Fawr – 0.96ha native woodland shelterbelts adjoining existing tree lined boundaries along the Afon Dulais and ditches feeding into this.

Kind regards

Alison Wheeler
