Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p>PRN 129492 – Medieval/Post Medieval Deserted Settlement SN7393553688 A deserted settlement not shown on the historic maps but earthwork banks on modern aerial photographs, Google / Bing. A Pyper 2022.</p> <p>Planting in this location must be avoided, and a softened boundary of mixed broadleaved trees would be more appropriate.</p> <p>Aerial photographs also show a number of earthwork boundary banks, these should also be excluded from planting, and a sufficient buffer allowed to prevent damage from falling /windthrow trees.</p>
