Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p>PRN51491 POST MEDIEVAL COAL WORKING SN55650797 First marked on the 1st edition Ordnance Survey map as 'Old Coal Pit'. Presumably disused by that time, it probably represents a small scale and early attempt to extract coal where it neared the surface.</p> <p>PRN51492 POST MEDIEVAL ENCLOSURE SN55380793 A rectangular enclosure first marked on the 1st edition Ordnance Survey map of 1879. No building is marked on the tithe map, presumably this represents some form on livestock enclosure. Not marked on the 2nd edition map of 1906.</p> <p>PRN51493 POST MEDIEVAL WELL SN56110811 A well first marked on the first edition Ordnance Survey map of 1879.</p> <p>PRN16802 POST MEDIEVAL SHAFT SN5569408046 Shaft marked on both 1st and 2nd edition OS historic mapping.</p>

	<p>PRN24301 POST MEDIEVAL COTTAGE SN56010802 Cottage shown on early 20th century maps. RPS July 2001.</p> <p>DAT therefore advise that in order to comply with UKFS Forests and the historic environment guidance, the following advice should be adhered to in the Woodland Creation plan:</p> <ul style="list-style-type: none"> Planting within the area outlined in green, labelled or marked with a red star on the map should be avoided: Access tracks/loading areas should not cross this area. <p>There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Region Heritage Management is informed and further information and advice can then be provided as required.</p>		
Further Assessment Required?	If there are any changes to the application, there will need to be further consultation with DAT.
