

Glastir Woodland Creation: Consultation Advice Form

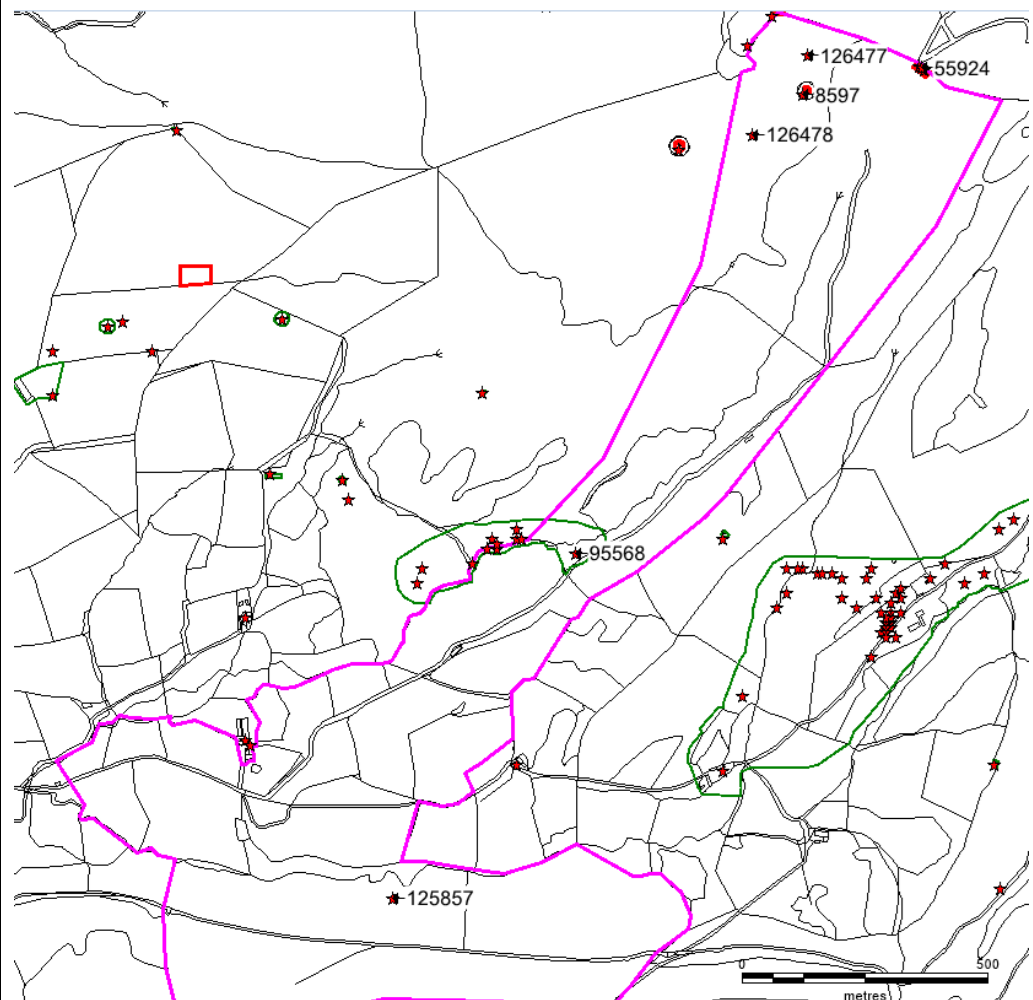

CRN	A0027687
EOI	GWC 7684285
Application Name	Aberystwyth University Farms
Parcel No.	SN706904, SN597829, SN499653
NGR	SN706904, SN597829, SN499653
Option Number (if known)	802,803
Woodland category	Native Woodland Carbon; Enhanced Mixed Woodland
Woodland Planner	Coed Cymru
Service Provider	Dyfed Archaeological Trust
Officer	AMP
HEF UID	311757, 315680, 309555
Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p>Map 1, SN706904: The following features are recorded on the Historic Environment Record: PRN 6265 – Bronze Age Round Barrow (Scheduled Monument CD239) PRN 48415 – Bronze Age Round Barrow (Scheduled Monument CD239) PRN 55924 – Bronze Age Round Barrow pair (Scheduled Monument CD239) PRN 48416 – Bronze Age Round Barrow (Scheduled Monument CD239) PRN 8579 – Bronze Age Round Barrow (Scheduled Monument CD239) PRN 126477 – Medieval Dairy PRN 126478 – Medieval Dairy PRN 95568 – Post Medieval Lead Level PRN 125857 – Post Medieval Sheepfold</p> <p>This includes a wide expanse of upland – historically unenclosed sheepwalk. A group of scheduled monuments are located on the</p>

highest ground, consisting of Bronze Age burial mounds (CD029 Moel y Llyn Cairn Cemetery) *Cadw will need to be consulted on planting proposals which effect the setting of these monuments.*

In addition there are mining remains of Llechwedd-Ilwyd (PRN 95568) which include a mine shaft, medieval dairying structures (PRN 126477-8) within the holding and a sheepfold (PRN 125857).

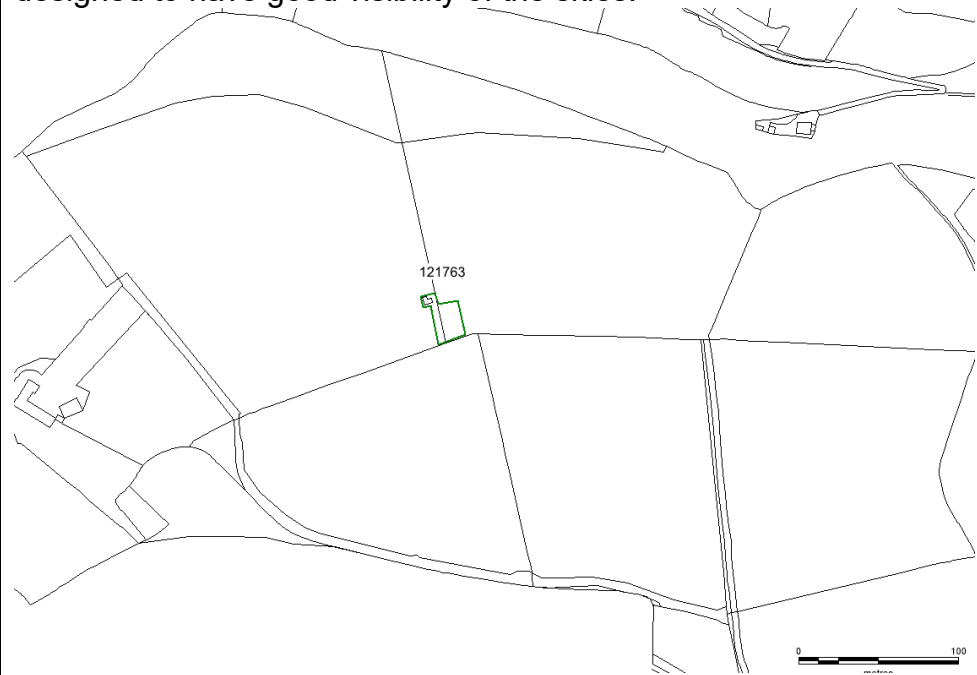

There is potential for other recorded features, particularly in the valley where it might reasonably expected to find the remains of deserted rural settlements.

We would recommend, given the number of features, and the potential for further unrecorded archaeology on this holding, that an archaeological walkover survey is carried out. In addition more detailed information is required on the planting which is proposed.

Map 2, SN597829:

PRN121763 – Royal Observer Corps, Early Warning Post. Site in use from 1940 through until 1959. This feature should be given a generous buffer of open ground around it in order to protect the visibility of this feature and to protect the interpretation of this structure which was designed to have good visibility of the skies.

Map 3, SN499653:

PRN57741 – Listed Building Milestone on A487. Whitewashed stone curved-headed milestone inscribed: 'ABERYSTWYTH 13 miles' the letters of Aberystwyth following curve of head.

We have no information on the planting proposals, but would note that historic mapping does not show any conifer plantations in this area which then and now still has scattered mixed broadleaved woodland, therefore we note that any conifer planting, if proposed in this location, would be detrimental to the historic landscape.
