Dear Paul,

**EIA (Agriculture) Regulations - Consultation Request  
Llangeitho SN 5912 5716**

Thank you for your EIA screening request and apologies for the delay in responding to it. I have checked your map boundaries against the regional Historic Environment Record and other sources and note the following Historic Environment Features within this consultation area:

**PRN 123971 Pen-bwlch-bach Post Medieval Farmstead SN5964357235**  
Farmstead recorded on 2nd edition, 1:2500 Ordnance Survey map.

**PRN 129493 Pen-bwlch-bach Post Medieval Spring SN5963857326**  
Spring recorded on 2nd Edition Ordnance Survey map. A. Powell 2022.

The current condition of these features is unknown; however they may survive as ruins, earthworks or below ground archaeology. We advise that these historic environment features (shown in blue with arrows on the map above) are protected from damage.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can be provided as required.

If you require any more information or guidance please get in touch.
