Dear Karen,

NRW Screening Request FLA433 22-23 Golden Grove

Thank you for your felling licence consultation. I've had a look at the proposal in reference to the Historic Environment Record and note the following historic environment features, derived from historic map sources:

Compartments A, B and C lie within the Golden Grove Registered II* Historic Park and Garden (PGW (Dy) 10 (CAM)). This will need to be shared with Lisa Fiddes, CADW inspector for Historic Parks and Gardens.

Compartment B

PRN 49029

POST MEDIEVAL ICEHOUSE

SN5946920291

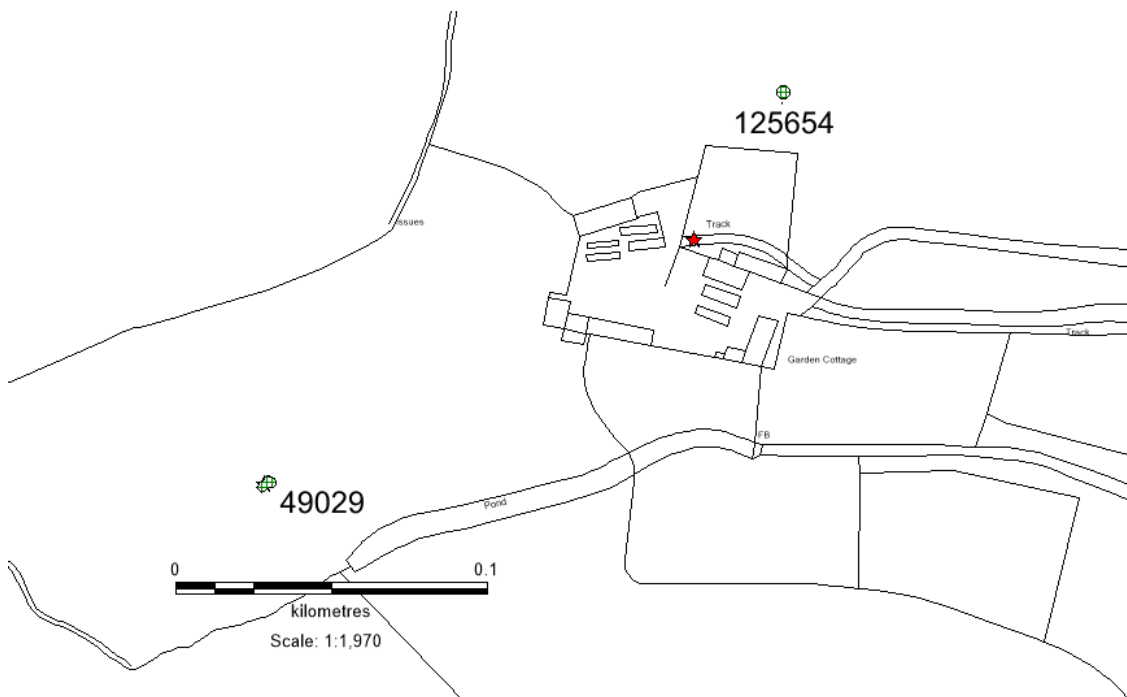

Ice house identified from 1st edition Ordnance Survey map. RJ 2003.

PRN 125654 LLECH EIUDON EARLY MEDIEVAL INSCRIBED STONE

SN59642041

Inscribed Stone moved to this location from the bank of the Afon Sannan. Now in National Museum Wales.

A 5-10m buffer around the feature is recommended to prevent damage and disturbance to potential archaeology.

The current condition of these features is unknown; however they may survive as ruins, earthworks or below ground archaeology. To comply with UKFS Forests and the historic environment guidance, we advise that these historic environment features (shown in green on the attached map) are protected from damage during forest operations, and that access tracks/loading areas should not cross these features.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can then be provided as required.
