Dear Menna,

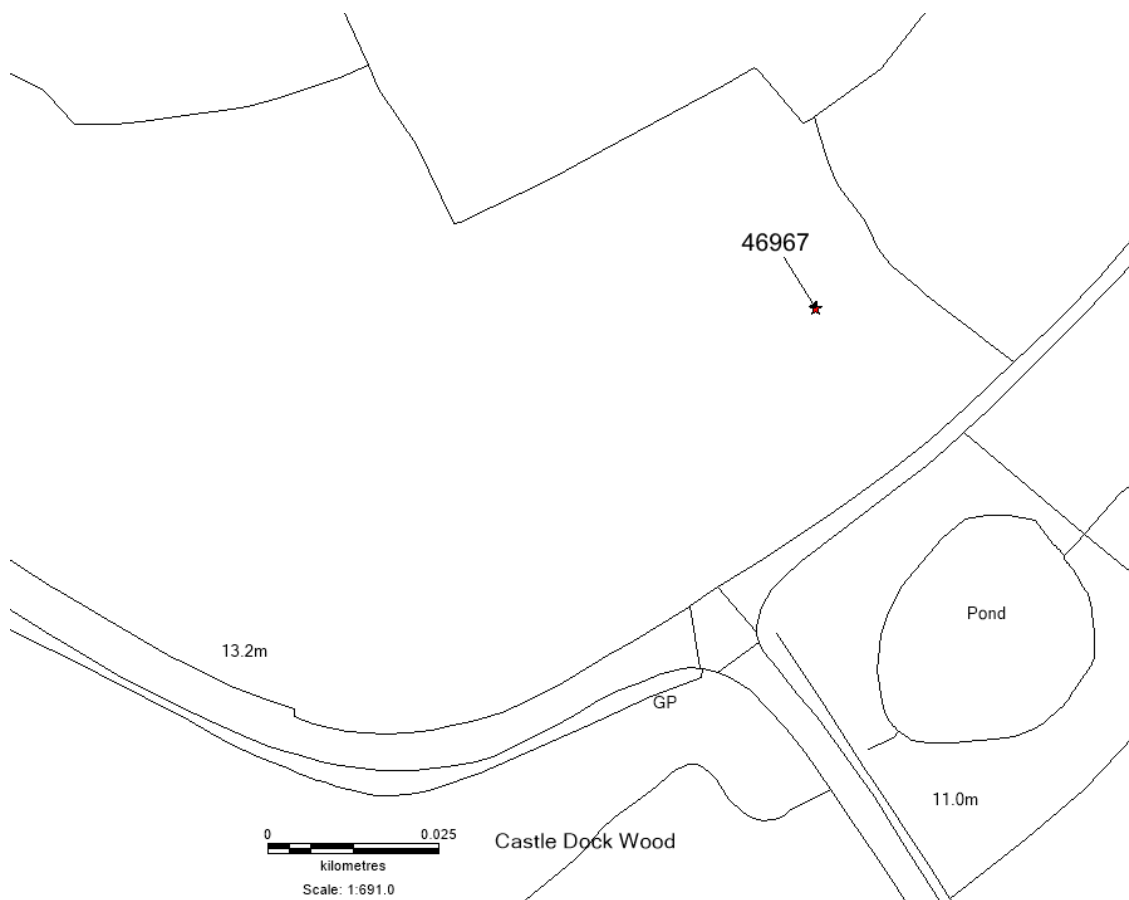

NRW Screening FLA81 23-24 Castle Dock

Thank you for your felling licence consultation. I have reviewed the map boundaries against the regional Historic Environment Record (HER) and other sources and note that this application lies within the Grade I Registered Park and Garden of Stackpole Court PGW (Dy) 44 (PEM), therefore Cadw must be consulted. I am copying this response to Lisa Fiddes Inspector of Historic Parks and Gardens.

The current condition of these features is unknown; however, they may survive as ruins, earthworks or below ground archaeology. We advise that these historic environment feature (labelled on the map above) is protected from damage during forest operations, to comply with UKFS Forests and the historic environment guidance.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can then be provided as required.
