Thank you for your consultation. I have checked the map boundaries against the regional Historic Environment Record (HER) and other sources and note the following historic environment features recorded within the consultation area.

**Primary Reference Number (PRN) 64659**

**NGR: SN60745575**

**Site Type (preferred type first): Quarry**

**Summary :** Quarry surviving as an earthwork. Marked 'Old Quarry' on 1889 1st edition Ordnance Survey map so presumed disused by end of 19th Century.

**Primary Reference Number (PRN) 118201**

**NGR: SN60325576**

**Site Type (preferred type first): Farmstead**

**Summary :** A farmstead is recorded on the 1st edition Ordnance Survey map, though no longer extant on modern maps. A Pyper 2020.

The proposals shown on the attached documentation should not have any detrimental impact on these features.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can then be provided as required.
