Dear Gwenda,

**EIA (Agriculture) Regulations - Consultation Request**

**Trimsaran SN 4432 0439**

Thank you for your EIA screening request, I have checked your map boundaries against the regional Historic Environment Record and other sources.

There are a number of features recorded within this consultation:

PRN	Site Name	Summary	Description	Period	Type	NGR
94221		Old Coal Pit is recorded on the 1st edition Ordnance Survey map.		POST MEDIEVAL	MINE SHAFT	SN44590436
94222		Old Coal Pit is recorded on the 1st edition Ordnance Survey map.		POST MEDIEVAL	MINE SHAFT	SN44610443
28321	BERTH FARM	Farmstead recorded on 2nd edition, 1:2500 Ordnance Survey map.	Farmhouse demolished. One building standing (stable?) not apparently of any great age (20th century). P.Sambrook 1994.	POST MEDIEVAL	Farmstead	SN44098042 56
24349	CAE DRIM	Two circular earthen mounds (grassed over). Observed either side of the footpath that passes by Cae Drim Farm. Originally mistaken for round barrows. However the 1922 O.S. Map shows old coal shafts having existed near the mounds therefore in all probability the mounds are spoil heaps from the old workings. E Morgan 1986		POST MEDIEVAL	Spoil Heap	SN447044
23853	SYDDYN	Cottage shown on early 20th century maps. RPS July 2001		POST MEDIEVAL	Cottage	SN44430438
5648	WAUN GARN	Record based on placename evidence, site unconfirmed.	Site buried under coal tip.	Bronze Age	Round Barrow	SN44440451

We have no information on the current condition of these sites, but we recommend that no damaging activities should occur in the areas shown in green on the above map.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can be provided as required.

If you require any more information or guidance please get in touch.
