Dear Lynn,

FLA 186 19-20 Allt Cefn Cloch

Thank you for your consultation. I have checked the map boundaries against the regional Historic Environment Record (HER) and other sources and whilst there are no recorded Historic Environment assets within the consultation area, historic maps indicate a couple of unrecorded buildings whose current condition are unknown but are presumed to be ruinous. Forestry operations should avoid causing damage to any stone walls or earthworks associated with these structures.

There is always the possibility for further previously unknown remains to survive within this area of which we have no knowledge. Should archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can then be provided as required.
