Decision (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p>Thank you for forwarding this Glastir Woodland Creation proposal to us.</p> <p>Dyfed Archaeological Trust have reviewed the new woodland planting for Rhyblid against the Historic Environment Records database and other readily available record sources and have assessed that the application, as submitted, will not have any detrimental impact on historic environment features.</p> <p>However the application does lie within the Black Mountain & Mynydd Myddfai Registered Historic Landscape (HLW (D) 1) which has been further subdivided into Historic Landscape Character Areas; Black Mountain (HLCA 240) and Llanddeusant – Capel Gwynfe (HLCA 233). Historic maps indicate that this is an area of mainly deciduous woodland and we therefore urge that broadleaved trees are the predominant species in the species profile, particularly on the visible high ground of Twyn Rhyblid.</p>
