## An aerial photograph of a landscape, likely a wetland or agricultural area, showing a complex pattern of fields and water. A prominent red boundary line is drawn across the center of the image, enclosing a large, irregularly shaped area. The area within the boundary is lighter in color, possibly indicating a different land use or a specific feature of interest. The surrounding landscape is divided into numerous smaller, irregular plots, some of which are darker, suggesting water or dense vegetation. A scale bar is located at the bottom left of the image, with markings for 0, 30, 60, 120, 180, and 240 metres. The scale bar is a horizontal line with vertical tick marks at each interval, and the word 'Metres' is written at the end.
