	The cave is now encompassed within the RSPB nature reserve.		
20601	"Dinas" place-name of unknown significance, but possibly indicative of an Iron Age hillfort or enclosed settlement in the area. RPS October 2001.	Settlement	SN78194667

The current condition of these features is unknown; however they may survive as ruins, earthworks or below ground archaeology. Felling operations should avoid causing damage in these areas.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can then be provided as required.
