Hi Adam,  
Apologies for taking so long with these consultations, it shouldn't have taken so long.  
I've made comments relating to the two consultations below each map.  
Best wishes  
Alice

I have checked your proposals against the regional Historic Environment Record and other sources and there are no recorded Historic Environment Features within this consultation area.  
There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Dyfed Archaeological Trust Heritage Management is informed and further information and advice can be provided as required.
