

Woodland Creation: Consultation Advice Form	
CRN	A0066085
EOI	7683540
Application Name	Brynglas
Parcel No.	
NGR	SN72665122
Option Number (if known)	
Woodland category	Enhanced Mixed
Woodland Planner	Tilhill
Service Provider	Heneb – Dyfed Archaeology
Officer	A Pyper
HEF UID	
Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p><b>PRN 127856</b>  <b>MEDIEVAL/POST MEDIEVAL DESERTED RURAL SETTLEMENT SN72075110</b>  A deserted rural settlement comprising a long hut, two platforms and an enclosure.  Recorded by RCAHMS upland survey.  A site visit in July 2023 confirmed that this complex survives as low earthworks with some exposed stonework lying within rough grass.</p>

**PRN 127857  
POST MEDIEVAL LONGHOUSE SN71915099**

A longhouse, with two cells is recorded by the RCAHMW 2012.  
A site visit in July 2023 confirmed that this feature survives as a low earthwork with some exposed stonework lying within rough grass.

**PRN 127858  
POST MEDIEVAL SHELTER SN71895091**

A shelter 3.5 x 2 m of low walls/banks recorded by the RCAHMW in 2012.  
A site visit in July 2023 confirmed that this feature survives as a low earthwork with some exposed stonework lying within rough grass.

**PRN 130301  
BRONZE AGE ROUND BARROW SN7295451185**

A circular mound around 11 m in diameter identified on LiDAR. A possible round barrow or cairn. A Pyper 2024. This site has not been verified from a site visit so its condition is unknown.

Heneb – Dyfed Archaeology advise that in order to comply with UKFS Forests and the historic environment guidance, the following advice should be adhered to in the Woodland Creation plan:

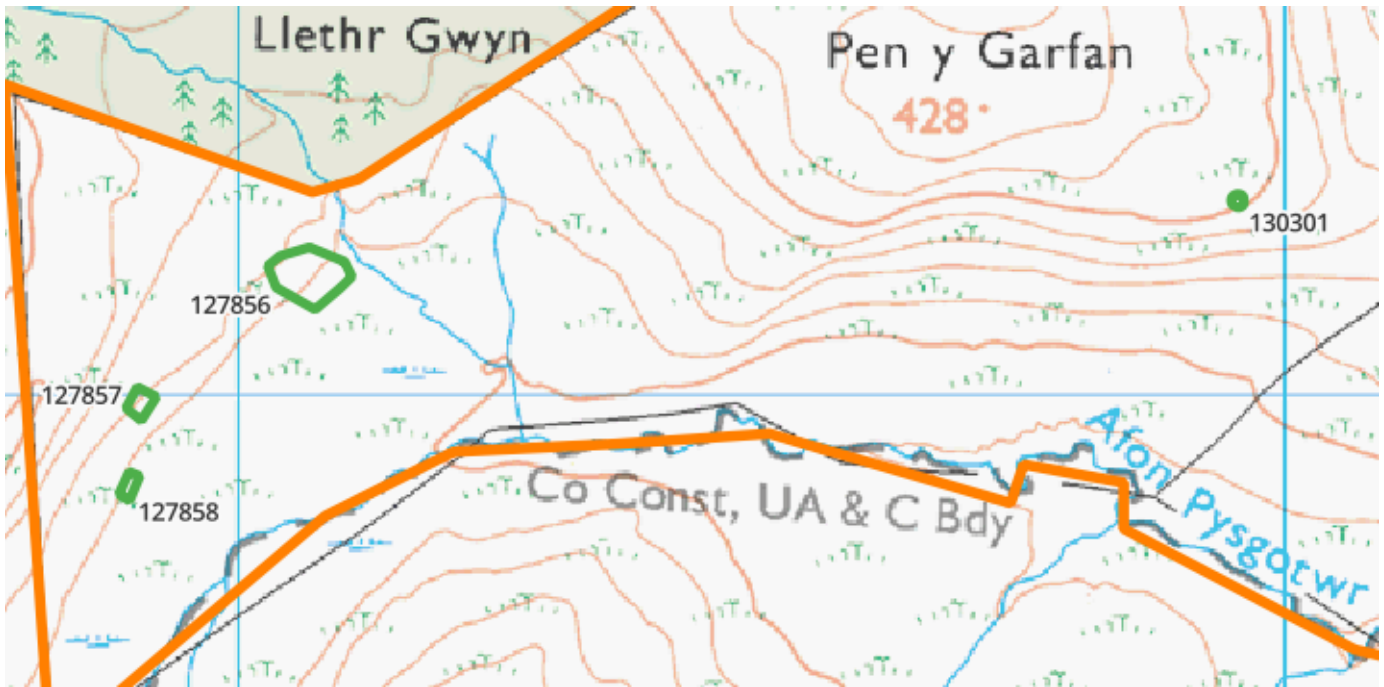

- Planting within the area outlined in green on the map should be avoided:
- tracks/loading areas should not cross this area.

Shapefiles are provided with polygons which have been digitised from LiDAR in order to ensure the correct locations of these features. Please ensure the planting design provides an additional buffer of no less than 10 metres from the polygons shown.

We also recommend planting a buffer of broadleaf trees around historic environment features where possible to provide a protective buffer of permanent woodland which is not subject to felling and planting on rotation.

<b>Further Assessment Required?</b>	No		
<b>Map attached?</b>	Yes
