Advice (If the proposal is considered to be inappropriate at this location please provide an explanation)	<p>I have checked the map boundaries against the regional Historic Environment Record (HER) and other sources and there are no known historic environment features recorded within the consultation area.</p> <p>There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Heneb – The Trust for Welsh Archaeology, Heritage Management, Dyfed region, is informed and further information and advice can then be provided as required.</p>
