**Consultation Response for Felling Licence Application – Penboyr Quarry
(FLA195 24-25)**

Dear Peter Jones,

Thank you for consulting us regarding the Felling Licence Application for Penboyr Quarry near Maudsland.

Having reviewed our Historic Environment Record (HER) for the area, I note that the information provided in response to consultation FLA 190 21-22 remains relevant. Specifically, the following historic features are recorded within or near the mapped boundaries (See attached map):

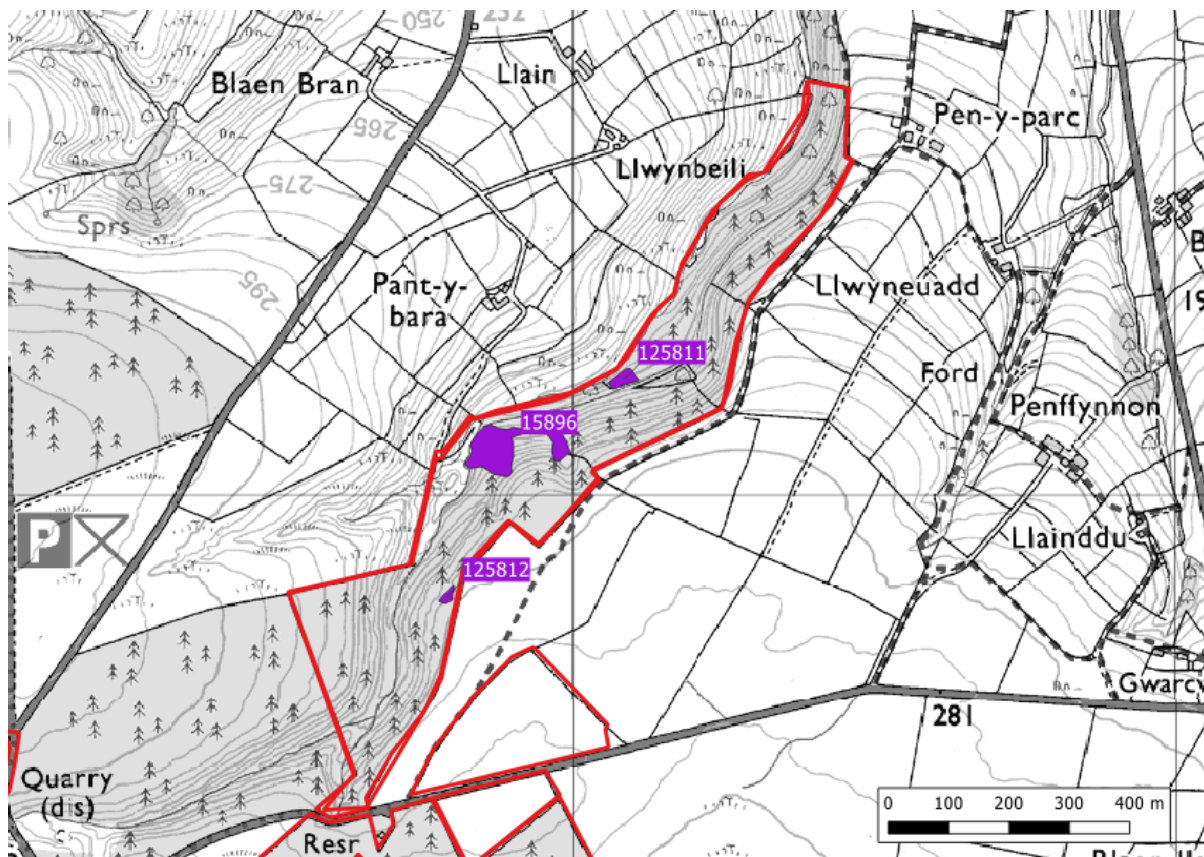

- **PRN 15896:** Post-Medieval Quarry (NGR SN3388735063)
Description: A quarry shown on the historic Ordnance Survey maps (1889, 1906).
- **PRN 125812:** Post-Medieval Quarry (NGR SN33793482)
Description: A quarry shown on the historic Ordnance Survey maps (1889, 1906).
- **PRN 125811:** Post-Medieval Cottage (NGR SN34083518)
Description: A cottage and enclosure recorded on the 1st and 2nd edition Ordnance Survey maps (1889, 1907).

The current condition of these features is unknown; however, they may survive as ruins, earthworks, or below-ground archaeology. It is important that felling operations avoid causing damage in these areas.

Additionally, there is always the potential for previously unknown archaeological remains to survive within the area. Should any further features or finds be identified during the felling process, please ensure that Dyfed Archaeological Trust Heritage Management is informed, so we can provide further advice as necessary.

Please do not hesitate to get in touch if additional information or clarification is required.

Kind regards,
Charles Enright
Heritage Management Archaeologist
