Any activities must avoid causing damage to these features marked with a red star on the map above.

There is always the possibility for previously unknown remains to survive within this area of which we have no knowledge. Should further archaeological features or finds be identified it is important that Heneb – the Trust for Welsh Archaeology Heritage Management is informed and further information and advice can be provided as required.

If you require any more information or guidance, please get in touch. Heneb would also appreciate any updates to the project and encourage contact if the recommendations are unable to be fulfilled.
