North West Wales Dendrochronology Project

Tŷ Mawr, Criccieth (Gwynedd)

Introduction

This report contains the results of a survey undertaken to complement the proposed dating of timbers at Tŷ Mawr, Castle Street, Criccieth, as part of the North West Wales Dendrochronology Project. The survey was undertaken on 22 February 2010 by Adam Voelcker. Documentary research will be undertaken by volunteers to accompany this survey, and separate reports will be issued describing the results of the documentary survey and of the dendrochronology sampling.

Site particulars

Site address

Tŷ Mawr, Castle Street, Criccieth, Gwynedd LL52 0DP
