NOTES.Prn: SA020

Late C18 - early C19 origins with C20 alterations. Local rubble stone. Segmental arch with rising deck. Widened above arch by reinforced concrete on n side. Both parapets rebuilt in brick and rubblestone wing wall on s side added C20. Pipes attached to both sides. The bridge appears to have served a Tin Works which was situated on the land between the canal and the River Tawe.
